Dear Mr. Patel

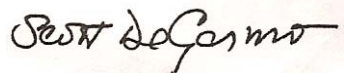

Congratulations on SIMPLIKATE SYSTEMS being awarded one of the first BROADBAND PROPERTIES "Lightning Apps Awards" The award was announced at the Fiber-to-the-Home Conference in Nashville in September at a BROADBAND PROPERTIES-sponsored workshop.

The award is part of a new series of Cornerstone Awards presented by BROADBAND PROPERTIES. Cornerstones have a long history and have for the past five years been presented to network builders for accomplishments with Fiber-to-the-Home and advanced broadband. We introduced the new Lightning Apps series to recognize companies that create applications to run over those networks.

Simplikate Systems won the award for "Advanced communications as the ultimate lifestyle amenity."

We are delighted to send you this award along with a copy of BROADBAND PROPERTIES Magazine. We urge you to subscribe for free on our website, [bbpmag.com](http://bbpmag.com), and stay abreast of our coverage of leading-edge applications.

Sincerely,

Scott DeGarmo
